

Integrated Team Care Cultural Awareness Training

Turning good intentions to culturally safe practice

Training will cover:

- Developing culturally safe practice
- Historical impact on engagement
- Opportunities and barriers
- Current incentives for GP practices
- CTG initiatives - support available
- Community Controlled Health
- Barriers: access, engage, follow-up
- Completing an external Audit (PDSA - Plan, Do, Study, Act) contributes 5 CPD Measuring Outcome hours, forming a package of the total advertised CPD Hours.

Services: IUIH Model of Care

Completion of this training meets the Practice Incentive Program (PIP) Indigenous Health Incentive Requirement. Additionally, IUIH now has the availability to facilitate RACGP accredited in-house TGIICS training.
