

General practice support

North Brisbane and Moreton Bay region

phn
BRISBANE NORTH

An Australian Government Initiative

Brisbane North PHN is dedicated to supporting general practice in in Brisbane's northern suburbs, Moreton Bay, parts of Somerset Regional Council, and Norfolk Island.

Our team has a dedicated email and phone number as the first point of contact with our Engagement Team.

You can also access timely communication designed to provide general practices with important priority information via our monthly newsletters Practice Link, GP Link and strategic ad hoc communications. Additional information is also available on our Practice Support website.

Our Primary Care team delivers high quality support to you and your practice in the following areas, and depending on your needs, we may connect you with a team member who specialises in one of these areas:

Digital health

Assist practices in the implementation and meaningful use of digital health systems, including My Health Record, GP Smart Referrals, ePrescribing, PRODA, and Primary Sense.

Immunisation support

Increasing immunisation coverage is a national priority for PHNs. We work closely with primary health care providers to maintain and increase immunisation coverage across our region e.g. coordinating pop up clinics, training and resources.

Continuous Quality improvement

Provide coaching, resources, project opportunities, and clinical tools to drive quality improvement activities in general practice while also supporting PIP-QI.

Primary care reform

Support practices to prepare for and implement primary care initiatives such as MyMedicare.

Accreditation planning

Assist general practices in navigating accreditation processes and support services to meet accreditation requirements, whether undertaking accreditation for the first time or undergoing re-accreditation.

Workforce development

Plan and implement workforce development and training activities, as well as networking opportunities for general practice teams

If you have a question or need support for your practice,
email practicesupport@brisbanenorthphn.org.au or call **07 3490 3495**
